

# Mojo 101

Got the “don’t know enough about the blues” blues?  
In this two-hour presentation, **Dr. Christopher Palestrant** and  
**Deacon Blues** discuss differences in regional blues styles.  
What makes our region’s Piedmont blues sound different  
from Chicago blues? And what about Delta and Texas blues?

Fast-paced and exciting, *Mojo 101* features multimedia and  
live performance by members of the award winning band Uphill,  
named “one of the ten best blues albums of the year” by Paul Shugrue  
on WHRO’s *A Shot of the Blues* and *Out of the Box*.
